*Hi Chantal,*

*Nice to hear from you. Yes the raised threshold will be painted with the 'zebra' markings, however the concrete has to cure for several weeks before they mark (paint) it with thermal paint. It is possible this will be a little longer if the rain has had any impact on the curing process.*

*In addition to the 'zebra' markings, Council will also install zig zag lines on the road way on approach to the crossing as an added warning on approach to the threshold. All regulatory signage will also be installed.*

Dear Thornleigh West Public School,

Thank you so much for raising \$1,832.00 at your Fairy Bread Day event for ReachOut Australia. Congratulations on your success! We're inspired by your incredibly generous support.

All funds raised will help ReachOut support more than 2 million young people and their parents, providing information and tools to support young people with key life issues like bullying, relationships challenges and exam stress.

Suicide remains the leading cause of death among young people aged 16 to 24 years, and your contribution means we can continue to lead on suicide prevention support via our online forums and services.

Your support of our work will ensure that every month, thousands of young people find reassurance and immediate relief because of the information, tools and community that you help us provide on ReachOut.

We are delighted to have Thornleigh West Public School as a supporter and are very grateful for your support.

From all of the team at ReachOut Australia and the young people we serve, we want to say a big THANK YOU!
